

Channing House

Business Information Security Officer, ICE Mortgage Technology

Channing House is the Business Information Security Officer of ICE Mortgage Technology. He oversees the implementation of ICE's cybersecurity strategy and is responsible for all matters pertaining to cybersecurity for the ICE Mortgage Technology business.

He previously served as the Director of Application and Cloud Security for Intercontinental Exchange. Channing joined ICE in June 2015 from Walmart where he engineered identity management systems and security tools as well as implemented vulnerability management programs across Walmart's global ecommerce.

Channing holds a Bachelor of Science degree in Management Information Systems from the University of Alabama.
