

Nancy Alley

Vice President of Product Strategy, ICE Mortgage Technology

Nancy brings 30 years of financial services and mortgage industry experience to her role as the Vice President of Product Strategy at ICE Mortgage Technology, where she manages the MERS, Simplifile and Encompass eClose product lines. She has dedicated her career to driving innovation and leveraging technology in the mortgage industry. Nancy served as a Board of Director of the Mortgage Industry Standards Maintenance Organization (MISMO) from 2016 through 2018, driving adoption of industry standards. Nancy is particularly passionate about “e” adoption, demonstrated by her role of the MISMO eMortgage workgroup from 2014–2016.

As a noted industry thought leader, Nancy has received numerous industry awards. Recently, Nancy was named to Mortgage Professional America’s 2018 Hot 100, recognized by National Mortgage Professional Magazine on its 2018 list of Mortgage Banking’s Most Powerful Women, awarded a “Tech All-Star” by the Mortgage Bankers Association in 2017, and recognized as a “Woman of Influence” by HousingWire Magazine in 2016. Nancy holds a bachelor’s degree in business administration from the University of Michigan’s Stephen M. Ross School of Business.
