

*Nate is a Partner on First American's Venture Investments team. Previously he was at BCG Digital Ventures where he helped build Endpoint Closing, a digital title and escrow business. While at BCG he advised Fortune 500 C-suite teams in mortgage, real estate, and financial services on digital strategy and new business creation. Prior to BCG, Nate was an investor at Primera Capital (seed backer of Fandango, Houzz, Chegg, and VMware) where he made early-stage venture investments and worked closely with portfolio companies on product strategy. Nate began his career as an operator, leading product management at four startups in telecom, database design, cybersecurity, and enterprise SaaS.*

*Nate has a Masters in History from Oxford and a Bachelors in International Studies from Johns Hopkins.*
