

**Donna L. Ross**  
Executive Vice President  
Chief Information Security Officer  
Radian Group Inc

Donna L. Ross is Executive Vice President, Chief Information Security Officer at Radian Group Inc. (NYSE: RDN). In this role she is responsible for Radian's information security program.

Donna is a senior security and compliance executive with more than 20 years of diverse risk, compliance, cyber security, technology, and operations experience within the manufacturing, insurance, banking, financial services, health care and retail sectors. Before joining Radian, Donna had senior level roles in security and compliance and Accolade, Corning Incorporated, GMAC, and Prudential. Most recently, Donna was

at Accolade, Inc., a provider of an on-demand healthcare concierge for employers, health plans, and health systems where she served as the head of Information Security and the Chief Compliance Officer. Prior to Accolade, Donna served as IT director, Information Risk Management for Corning Incorporated, joining them in 2008. She had program responsibility for global IT Risk Management, Security, and Disaster Recovery across the IT function including IT Security strategy and policy. Ross also spent eight years with GMAC holding various Information Security leadership positions. Before that, she spent 10 years at Prudential as manager of Information Security, Field Services manager, Data Center manager, and supervisor in Public Relations, Marketing Communications, Fulfillment and Special Projects.

Ross received a bachelor's degree from State University of New York at Brockport in Economics/Business Administration with Marketing specialty and has received numerous technical and security certifications. She is a lifetime learner and has earned endless certifications such as C|CISO, CRISC, CGEIT, CISM, CDPSE, GSEC, FLMI, ACS, and CTM.

Additionally, Donna is highly active in the cyber security community. She was a founding committee member on the FBI's project to establish Automated Network Cyber Attack Reporting System, is on the advisory board of Secure World Philadelphia where she often presents about cyber security, privacy and threat management, and maintains a close tie to government/industry cyber-experts through the national InfraGard program where she was the recipient of two awards from Director of FBI for Exceptional Service to the Public Interest, and recipient of the President's Call to Service Award (G. Bush.) She is active in trade associations and community service including InfraGard, ISACA, United Way, Red Cross and Big Brother Big Sisters.
