Kyle Lundstedt is the founder and President of IndustryVault (Risk Integration LLC), based in San Francisco, CA. IndustryVault is a managed service provider that offers a highly secure hosted platform for conducting data analysis. IndustryVault offers faster insights, broader access, and greater control of the data analysis process. The IndustryVault solution provides access to valuable industry datasets, stored in a highly responsive query engine, and accessible via the web browser for both data exploration and analysis.

As an executive, Mr. Lundstedt has experience managing diverse cross-functional teams at Fortune 500 firms as well as small technology companies. He combines Ph.D.-level expertise in finance with a strong track record managing both the top- and bottom-lines in data & analytics businesses. He speaks frequently at industry conferences such as ASF and MBA Annual, and on news shows such as CNBC and Fox Business.

Prior to founding IndustryVault, Mr. Lundstedt was a managing director for Black Knight Financial Services (BKFS/LPS Applied Analytics). He managed a \$30m business unit with a team of 70 product managers, sales support specialists, business analysts, developers, DBAs, and PhD's. His team produced the industry-leading McDash data & AFT behavioral analytics for large commercial and federal clients in mortgage and real estate. Mr. Lundstedt joined BKFS from Andrew Davidson & Co, where he created the LoanDynamics model of mortgage prepayment, delinquency, default, and loss. His experience growing the analytics businesses at BKFS, ADCo, and LoanPerformance demonstrate a strong record of building and selling data & analytics to the mortgage industry.

Mr. Lundstedt also has previous startup experience, having co-founded the angel investor-backed analytics firm VaRisk. VaRisk built customized valuation and risk management software for mortgages and MBS, and provided its solutions to firms such as Wells Fargo and Silicon Valley Bank. He also worked on the professional staff of the U.S. House Banking Committee, and played a significant role in the FHFA/OFHEO, FHA reform, and S&L bailout legislation.

Mr. Lundstedt has a Ph.D. in Business Administration (Finance and Real Estate) from the University of California at Berkeley, and a B.A. in Economics and Political Science from Yale University.
