SPEAKER BIO

Jocelyn is the CEO and founder of Enizio Strategies LLC a professional services company with the mission of equipping leaders with solutions that align strategy, capital, operations, risks, talent and culture. She advises on optimizing technology and data, digital transformations, and is at the forefront of AI/ML.

Previously, she was President of Rushmore Loan Management, a special servicer that she helped grow and scale. Jocelyn was also COO of a mortgage insurance company and President of a home equity bank subsidiary. Jocelyn has also worked for banks in progressive leadership roles.

Jocelyn has also served on public company and non-profit Boards. She has a Director Certification from the National Association of Corporate Directors, and the DCRO Certificate in Risk Governance.

Jocelyn graduated from Harvard's Advanced Management Program (AMP), obtained her Executive MBA from St. Mary's College (California) and has an undergraduate in Industrial Engineering. She recently completed MIT Sloan's program on AI and business strategy.
