

Luke Tomaszewski

Luke Tomaszewski is the CEO and Founder of ProxyPics, as well as an adjunct instructor at Diehl Mortgage Training and Compliance. With 19 years of experience in the real estate valuation industry, Luke was recognized in the National Mortgage Professionals' 40 Under 40 list. Fourteen years ago, he developed his first hybrid appraisal, aiming to revolutionize how homes are valued.

To further modernize the valuation process, Luke created ProxyPics, securing his second U.S. patent. ProxyPics was designed to increase efficiency and consistency in how appraisers conduct business, utilizing real-time, on-demand photo technology. Under his leadership, ProxyPics achieved significant recognition, earning a spot at #59 on the 2024 Inc. 5000 list, which ranks the fastest-growing private companies in the United States. This accomplishment reflects the company's rapid expansion and innovative approach to modernizing real estate appraisals and property data collection.
