

Elizabeth Balce

Elizabeth Balce oversees the Carrington Mortgage Services (CMS) Servicing Division as EVP, Loan Servicing. Liz joined Carrington in March 2010, starting in CMS Servicing, then excelling in roles in CMS Lending, Strategy and Carrington Capital Management. The experience she gained in these departments allowed Liz to leverage skills in loss mitigation, collateral, investor relations, customer contact, dialer, recapture strategy, analytics, reporting and project management – ensuring implementation of best practices from across the organization. This broad exposure to Carrington’s core businesses is what makes Liz uniquely qualified to approach her role from a holistic perspective, while focusing on the individualized needs of the many teams across Servicing.
